

تيريز نعيمة

أمنيتي أن يحافظ العالم

على السلام في لبنان

التفكير في صعوبة الهدف،
وحتى لو كان على النضال لوقت
طويل، بقيت دائمة وفيية لرؤتي
الخاصة. وأخيراً، سمعت إحدى
أكبر محطات الراديو في السويد
شريطأ لأغنيتي الأولى of
Love وأحبته. كانت تلك الإشارة
الأولى إلى أنني على الطريق
الصحيح وانطلقت في مجال
الموسيقى.

من الأصوات العالمية الجميلة
والمحببة. جبها للبنان جعلها
تنطلق منه نحو النجومية. في
هذا الحديث المشوق فتحت قلبها
وسمحت لنا بدخول عالمها.

■ أنت من أصل سويدي ولبناني.
الى أي من البلدين تشعررين
أنك أقرب؟

- ولدت في السويد وترعرعت هناك.
لذا من الطبيعي أنأشعر أنه
أقرب إلي. ولكن لدى أيضاً عائلة
كبيرة جداً في لبنان الذي أعتبره

المختلفين تماماً والجميلين
ملايين الأسباب لمحبتي لهما.

Thérèse Neaimé

My wish is that the world keeps the peace in Lebanon

Thérèse Neaimé is a young Lebanese origin and full of life. Her voice is one of the international beautiful voices. Her love to Lebanon made her start from it to be a star. In this interesting dialogue, she opened us her heart and lets us into her world.

Q: You are from a Swedish and Lebanese origin, in which country you feel yourself closer?

A: Because I was born in Sweden and grew up there, Sweden naturally feels closer to me. But since I also have a very big family in Lebanon, Lebanon feels like my second home. I love them both and I think that these two completely different and beautiful worlds, which I love, own an equal part in my heart.

Q: You are a singer and a dancer, what would you prefer, dancing or singing?

A: I cannot choose between the two. In my opinion, they are completing elements in the artist, and in each stage in my career, I focus on a certain thing more than another.

Q: Did you always know that you want to sing?

A: When I was a child, I always knew that I'll go into the field of art. Starting when I was primary focusing on dancing. But with time, I felt that I had to express myself more, so singing and composing the songs took all my interest.

Q: What song from your last album is the closest to your personality?

A: It's difficult for me to choose only one; all of them mean a lot to me. I'm so proud over this debut album which contains songs born over a long period of time, each one with its own heart and soul. But if I had to choose one, it would be "The Future" because it talks about the importance of continuous struggling for what we believe in and never give up our dreams even if that requires some sacrifices.

 **Success:**

Q: What's the best advice you took?

A: "*Don't regret for the things you tried, but on the things you didn't*" and I say to every talent owner, look forward to make your dreams come true and believe that you can achieve what you determined to. Don't put any limits to what you can achieve and you'll be as successful as you want.

Q: How was the work with "***Ben Affleck***" in "***Push Nevada***"?

A: It was a great opportunity to see how the big Hollywood actors work. "***Ben Affleck***" seamed to be a very gently and caring person who, at the set, made everyone feel appreciated and important. To me the whole thing was a fun and very educational experience.

Q: With whom you musically touch?

A: I touch with lot of singers such like "***Dido***", "***Jewel***", "***Sting***", "***Marc Anthony***", "***Santana***" and "***Nelly Furtado***" ...

Q: To what country you would prefer to go in your vacations?

A: Since I've lived in L.A. for 5 years where I still have lot of friends and I have a beautiful apartment in Hollywood, I prefer to go there. From another side, I like to visit Lebanon to spend the time with my family and in my opinion; Lebanon is one of the most beautiful counties in the world. My wish is that the world keeps the peace in Lebanon and protects it from future wars.

Q: How did you enter the world of music? Did you have to struggle at the start?

A: I really had to struggle to get here. It wasn't easy, but the key to any success is not to think in the hardness of the goal. And even if I had to struggle for a long time, I always stayed loyal for my own vision. Finally, one of the largest radio stations in Sweden heard a tape of my first song "***Color of Love***" and liked it. It was the first sign that I was on the right way on the correct road and my start in the field of music.

 **Family:**

Q: What do you do in your free time?

A: I like to spend time with my friends and family. I also like to walk in the mountains and play with my dogs.

Q: Do you have bad habits?

A: As the head of my own record label, I usually have the final saying in most of the decisions concerning my music, promotion, mixing, production etc. Sometimes I can be a real perfectionist who won't let go until everything is perfect and I'm sure that that can sometimes be annoying to some of my co-workers.

Q: What makes you angry?

A: stamp in the back and also the endless wars which hurt many innocent people.

Q: Do you have any future project?

A: Yes, I'll release my album in the United States. During my visit to L.A., I met important persons in the world of music there and promoted my music. Fortunately, they all liked my first album "*Livin*". My second song "*The Future*" which has already achieved big success in Sweden is now the # 26 song broadcasted in radio stations all over the U.S.
